

# Getting Active Satellite Clubs

September 2020

Working with [London Sport](#), we will support 15 London Youth members to access funding and guidance to deliver a 30-week sport and physical activity programme. Specifically, the focus is on what experiences and outcomes your young people need, not what we think they need.

## Getting Active Satellite Clubs – what is it?

How and what you deliver is something we want you and your young people to tell us. There are a few key areas though we are looking for London Youth members to respond to:

1. Focus on young people predominantly aged 14 – 19
2. Specifically, those that are in-active and/or less active, including those that face the most barriers to participation (Lower Socio-Economic Groups, Black Asian Minority Ethnic Communities, Girls and Young Women, Disabled Young People, LGBTQ+)
3. Deliver a 30 week, minimum 1 x hour per week programme starting from October 2020
4. Delivery focus is in-person

## Getting Active Satellite Clubs – what you can access to make this happen

- £100.00 admin fee for programme M+E and submission of final application
